2 Rules 1 to 4 are unobjectionable and may be sanctioned with the exception of Rule 3 which is not in force in B Cy

3 'Toll' under the Ml Regn is a tax There is no provision in the Regn for farming out the collection of a tax So rest of the draft rules (para, 5 to 10) are ultra vires. The levy and collection of toll, has to be managed by the Municipal Council departmentally

3 Attention is invited to the Schedule II attached to the Ml Regn, Schedule B attached to the draft rules & to the pencil corrections in the latter.

(I) The Regulation does not draw a distinction between Vehicles drawn by a pair of animals and a single animal - May the distinction made by the Ml Council Stand?

(II) No toll can be levied on Motor Cars and Motor Cycles as these have not been specified in Schedule II attached to the Reg

(III) Buffalo, Bullock, bull, Cow, etc.

NOTE—Contn

Cannot be taxed if they are not laden or ridden.

(iv) No different rates are provided in ~~the~~ Schedule II to the Regn for taxing a Mule which is (a) laden or ridden (b) not laden or ridden May the distinction adopted by the MCC stand? If not submitted for orders

5. It is true that there is no provision in the Regulation for farming out ~~the~~ the collection of tolls, but the system prevailed in the Bangalore City for the past 20 years It was only this year that the collection ~~has~~ was taken under departmental control So, there appears to be no objection in allowing the Kolar Municipal Council to farm out the collection of tolls until they can take the work under departmental control

6 The distinction made between vehicles drawn by a pair of animals and a single animal may be allowed to stand

7 The term vehicle' is defined in the Municipal Regulation as including bicycles tricycles, auto motor cars & every wheel

conveyance which is used or capable of being used on a public street So, if toll can be levied on vehicles, it can be levied on motor cars and cycles as well

8 What is important is to see that through traffic is not taxed or otherwise hampered It is not known whether the District Board of Kolar have any objection to the municipality levying the toll as proposed

9 If approved, general approval will be conveyed to the proposal for the levy of toll and also to the Rules with a few minor alterations in strict accordance with the Regulation

26 Before putting up orders & drafts, orders are solicited on the following points

In para 3 of the above it has been pointed out that the system of farming out the Municipal tolls is ultra vires. In para 5 it is said that this system obtains in the Bangalore City Municipality for the last 20 years & so there is "no objection in allowing the Kolar Town Mc Cl to farm out the collection of tolls until they can take the work under departmental control"

As regards the practice of farming out toll collections in the Bangalore City it is stated that the Bangalore Town Mc Regn, 1871 was authorised under Sec 47 of the Bangalore Town Mc Regn, 1871. The practice was continued even after the introduction of the Mc Regn of 1906. Last year the President of the Bangalore City Mc Cl brought the illegality to the notice of Govt & the Govt sanctioned the management of the toll bars departmentally

Leg x x and the of the Mc Comm x x place the collection each toll, under the ment of such persons as may appear them to be proper or to farm out the same, x x "

Sir,

I have the honour to forward herewith two copies in English and two copies in Kannada of the Rules framed by the Municipal Council of Kolar under Sec 46(1) of the Municipal Regulation for the levy of tolls on certain vehicles and animals that enter the Municipal limits

(37)

The question of improving the finances of the Municipality together with the large allotment that is found necessary to set apart every year to maintain the roads in the Municipal area in a good and efficient condition has, on the recommendation of the Managing committee, induced the Municipal Council to recommend the levy of toll (Resolution No 1 of 15th April 1922) The draft Rules framed were considered by the Municipal Council on 31st May 22 and were approved Objections were called for from the public under Seq60 of the Municipal Regulation by service of notices as well as by beat of drum No objections were received and the Municipal Council finally considered and passed the Rules on 6th July 22 (Resolution No 1 of the same date) A copy of the notice issued to the public is also herein enclosed All the preliminaries prescribed under the Regulation have been observed

I have therefore to request you to kindly obtain the sanction of the Government for the imposition of tolls As I intend to bring this into force from

1st September, early action may kindly be taken in matter

I beg to remain,
